

Aleena Kamran

[My Portfolio](#)

PROFILE

UI/UX Designer currently enrolled in the Bachelor of Interaction Design at Sheridan College. Specialises in layout design, prototyping, and branding.

EDUCATION

Sheridan College — Honours Bachelor of Interaction Design
2021- present

PROJECTS

EasyRecipes — Simple Dynamic Data

Coded a website to provide recipes. Created in HTML, CSS, and JS. Created high fidelity wireframes as well as a low fidelity prototype to visualise the process.

Paypal Privacy Policy — Developing Empathy

Prototyped a privacy policy feature in the Paypal app. Done in AdobeXD. Focused on accessibility and readability in this design, through the use of colour cues, semiotics, and type-height.

RELEVANT EXPERIENCE IN ACADEMIC COURSES

Contemporary Problems in IxD — February 2023-April 2023

Prototyped in Adobe XD/Figma, streamlined existing apps with added accessibility. Problem solved creatively and efficiently

Visual Design and Computation — September 2022-January 2023

Refined skills in composition with grid organisation and visual hierarchy using various Adobe programs, including Photoshop, Illustrator, and XD. Designed and led various group projects.

Design and Visual Language — September 2021-January 2022

Explored elements and principles of 2D design, and developed skill in the manipulation of 2D elements aesthetically in design concepts. Processed ideas visually to ideate the final designs.
